

## IMAGINE A WORLD WHERE DISEASE DETECTION IS AS SIMPLE AS SPITTING IN A TUBE

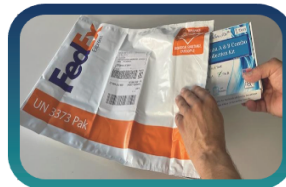

### SPIT

**Saliva Collection Kit**  
Multi-Patent Protected (Issued)  
Made in USA  
FDA-Approved Facilities

### SHIP

**Biological Sample Shipping**  
UN3373 Compliant  
Carrier Certified  
Lab Stability Transport Studied  
OVER 30,000 DROP OFF LOCATIONS

### ANALYZE

**EXCLUSIVE LAB DEVELOPED TESTS**  
Lab Stability Transport Studied  
AI Driven Analysis

### GET RESULTS

**Patent Protected Technology**  
Issued  
**Agnostic Saliva Diagnosis Platform as a Service (Paas)**  
FDA Device Registration  
CMS Cleared

**We have made diagnostic testing simple by following these easy steps!**

We use Saliva because it contains the same molecules found in blood & urine, but also because we can target specific Biomarkers as DNA, RNA, Proteins, Antibodies and Hormone to detect diseases and conditions.

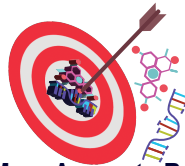

**With saliva you can say goodbye to:**

Painful Needles  
or  
Naso Swabs

**Costly  
Diagnostics Tests**

**But also...**

**Get More Accurate Results**

**Lab Results Within Days, Not Weeks**

**We are a Biotech company in the Late Stages of Pre-Commercialization of Saliva Collection Kits and Lab Testing!**
